Northern Memorial Park

Erection of gazebo notice

Henty B children's area

COMMUNITY UPDATE | DECEMBER 2017

Overview

The Greater Metropolitan Cemeteries Trust has commenced preparations for the construction of a gazebo in the children's area in the Henty B section of Northern Memorial Park.

The gazebo will provide our client families and other members of the community with greater scope for remembrance and reflection. It will also provide weather protection and enhance the overall visitor experience.

Date and scope of works

Work on the hexagonal shaped gazebo with hardstand floor is proposed to start in mid January 2018 and conclude in early February. Erection of the gazebo will require changes to the layout of the adjacent reflection area. This area will be closed during the gazebo construction period. However, when it reopens, the existing features including the unprotected outdoor seating and garden sculpture will again be accessible.

Construction work will not impact on existing interment sites. Please see (right) a map showing the gazebo's location and a separate image that depicts the building's design.

Visitors and members of the public are asked to observe any safety and other signs or direction from staff during the construction period.

We apologise for any inconvenience and thank you for your patience as we work to improve the landscape and amenities for the community.
