Lasting memories, peaceful places.

COMMUNITY UPDATE | SEPTEMBER 2018

Altona Memorial Park

Replacement of retaining wall

Scope of works

The existing retaining wall near the exit to Altona Memorial Park is to be replaced. The wall, which borders a gas supply installation, will be replaced by a new structure made of concrete sleepers with steel uprights encased in concrete. Before construction works commence the gas main will be secured.

Date of works

The project is scheduled to commence by Monday 1 October and will be finished within a week.

Location of works

Location of works near Moore Drive, Altona Memorial Park

Melway Ref. 54 F1

Where can I find more information?
