Pricing Information

All prices are gazetted fees in accordance with the *Cemeteries and Crematoria Act 2003* (Vic).

A copy of the Act is available online at www.legislation.vic.gov.au/in-force/acts/cemeteries-and-crematoria-act-2003/037

This price list is accurate as of 1 July 2026. Please note that this list may be updated from time to time. Visit www.gmct.com.au to download the most recent version.

GMCT is a Class A Cemetery Trust regulated under the *Cemeteries and Crematoria Act 2003* (Vic) and accountable to the Department of Health, in accordance with section 39(2) of the Act and to the people of Victoria.

How GMCT is obliged to set product prices and fees for services

All prices in this list are set in accordance with requirements under the Act. In setting fees, GMCT must have regard to the following legislative requirements in accordance with section 39(2) of the Act:

39(2) In fixing fees and charges under this section, a cemetery trust must have regard to:

(a) the costs of operating and managing the public cemetery; and

(ab) the fees and charges guidelines, if any; and

(b) the need to provide for the maintenance of the public cemetery in perpetuity.

Right of interment fees (i.e. products) and stonemasonry permit fees are exempt from GST as per Division 81 of the *Goods and Services Tax Act 1999*.

Availability of product

Each right of interment is subject to availability at the cemetery or memorial park. Please note that not all products are available at all sites. Please confirm with our Client Services team to ensure availability.

GMCT reserves the right to limit pre-need sales of rights of interment to ensure stock levels are available for at-need clients, or where burial areas are nearing capacity.

Payment requirements

GMCT has a no cash policy. Cash will not be accepted as a payment method.

Right of interment (ROI) can only be granted to a person when the ROI fee, including the non-refundable pre-purchase administration fee, has been paid in full.

Interment fees are required to be paid in full prior to the date of the interment, unless paid by a funeral director, where the agreed settlement terms with the funeral director applies.

No fee is payable for the right of interment certificate transfer when booking an at-need service or updating of the associated records.

Fee waiver or reduction

In accordance with section 44 of the Act, fees must not ordinarily be waived or reduced that would otherwise be payable to us. Situations of extreme financial hardship or special circumstance may be considered by us in accordance with the Act.

Refunds

Where a refund relates to a pre-purchased grave or memorial position (right of interment) the value of the refund is calculated in accordance with section 82(2) of the Act:

(a) the cemetery trust must pay to the holder a refund based on the current cemetery trust fee payable for the same type of right of interment less the relevant cemetery trust fee for administration and any maintenance costs.

The administration fee (general) is gazetted in accordance with the Act. The pre-purchase administration fee, paid at the time of the purchase of the right of interment, is non-refundable.

Weighted scale for the surrender of a right of interment

The weighted scale for maintenance costs is a sliding scale set by the Department of Health, Cemeteries and Crematoria regulation unit, with year one commencing from the date of issuance of the right of interment.

The scale is a percentage (%) of the current fee where the per cent (%) value increases each year on the anniversary date of the issuance of the right of interment.

Maintenance of memorials

The right of interment holder is responsible for maintaining any memorial established in a safe and proper condition.

GMCT is empowered through the *Cemeteries and Crematoria Act 2003* to issue directions in relation to the maintenance of memorials and can take actions to render a memorial safe for GMCT staff and visitors. GMCT may seek consent of the Secretary of the Department of Health to repair or take down or dispose of a memorial and can seek costs and expense recovery from the right of interment holder.

Memorialisation costs

When arranging a plaque or selecting an urn, many people wish to create a special, customised tribute to a life lived. As such, we offer a large range of plaques, urns and emblems.

Please call us on 1300 022 298
or email enquiries@gmct.com.au to find out more.

The corner of Blair and Brackenbury Street, Warrandyte VIC 3113, Australia

Set on a gentle slope, among lawns and natural rock and bush, Andersons Creek Cemetery provides a native Australian setting for the interment of cremated remains and children's lawn graves.

First opened in 1858, Andersons Creek Cemetery is one of Victoria's oldest cemeteries. Originally, Andersons Creek was a monumental cemetery with pioneer graves for early miners in the Warrandyte area.

From the late 1970s onwards, it rapidly expanded due to the closure of Templestowe Cemetery, transforming into a lawn cemetery with a bushland theme.

Yarra Valley Mausoleum

Overlooking stunning surroundings, the Yarra Valley Mausoleum is the only public mausoleum in the region.

This open-plan mausoleum sits nestled between fragrant, trellised wisteria to the east and a beautiful olive grove to the west.

Blending culture and prestige with the beauty of the local landscape, the mausoleum seamlessly fuses European tradition with contemporary Australian design. Positioned around the mausoleum are bronze portrayals of the Stations of the Cross.

All crypts feature a vase and vigil lamp and subject to the area, the crypt is memorialised with either gold lettering or a bronze white plaque.

Double and tandem crypts are still available.

We're pleased to offer families the opportunity to register their interest to purchase a crypt(s) in the stage 2 addition to Yarra Valley Mausoleum.

VIC 3140, Australia

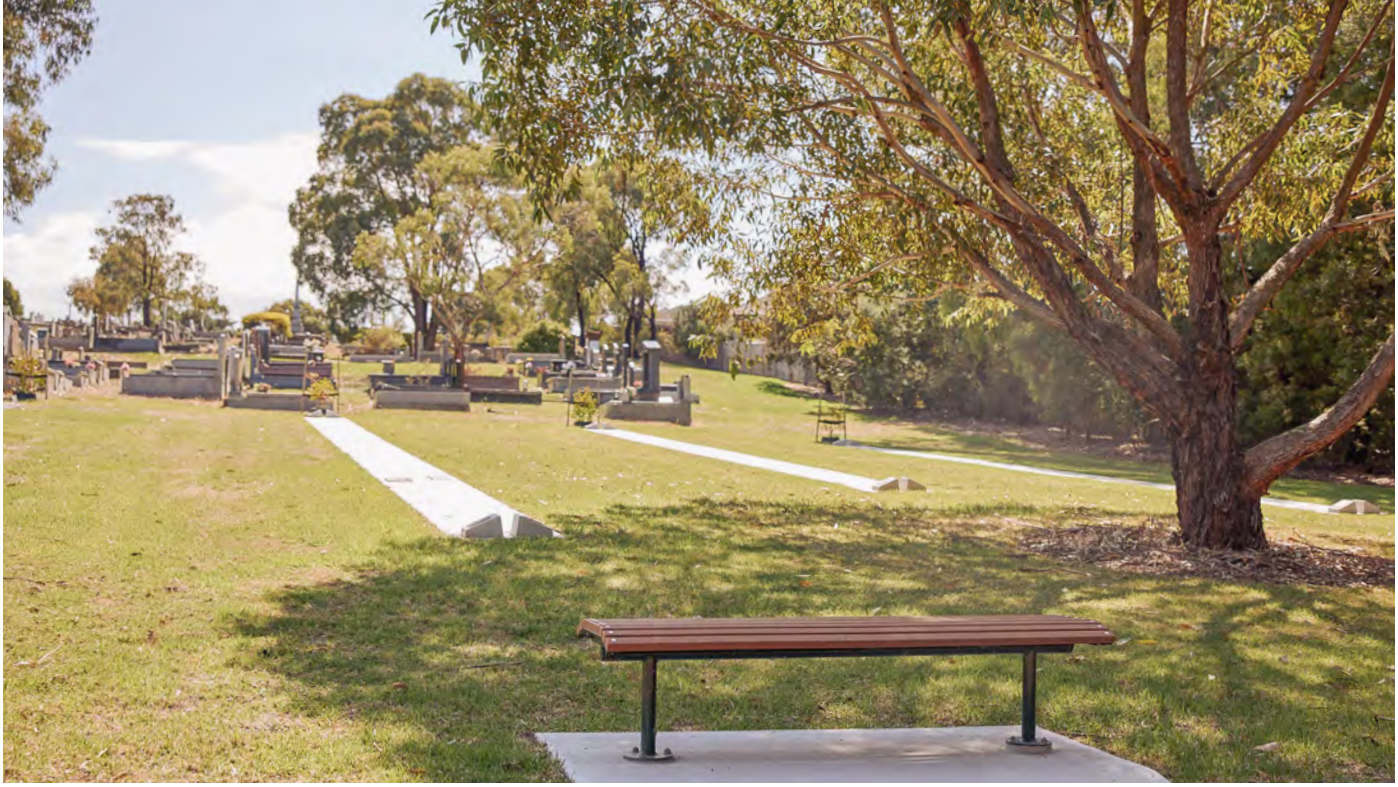

Lilydale Lawn Cemetery is situated at the top of a small but prominent hill that runs to a gully at the site's southern boundary.

There are many historically significant graves at Lilydale Lawn Cemetery, ranging in date from 1878 to 1968, but those of note are the historically and architecturally important Dame Nellie Melba memorial, and the memorial of her father, David Mitchell.

Many others are well known in the Australian context; Jessie Vasey who founded the War Widows Guild, Ernest Buckmaster and William Blamire Young, both artists, and Victor Deschamps the vigneron whose vineyards covered much of the original township of Lilydale.

The first burial was conducted at Lilydale Lawn Cemetery more than 140 years ago, when the cemetery serviced a small group of local pioneer communities.

Established in 1906 and located in Melbourne's north, Fawkner Memorial Park features extensive grounds, waterways and ornamental gardens, providing a range of settings for the burial and memorialisation of your loved ones.

The cemetery, designed by renowned landscape architect Charles Heath, is intersected by Merlynston and Campbellfield Creeks, and is serviced by the Upfield train line. The Fawkner Memorial Park Tearooms offer refreshments for visitors, and the cemetery's wide, shady boulevards provide a peaceful landscape for remembrance and reflection.

With a crematorium, chapels and function facilities, Fawkner Memorial Park plays an important role in the communities it serves.

This much-beloved cemetery was the first in Australia to introduce grand public mausolea, and is home to the Holy Family Mausoleum and Holy Angels Mausoleum.

As one of Australia's largest cemeteries, it offers many burial options, memorials, cremation and private mausolea.

Holy Angels Mausoleum

The Plaza of the Holy Angels is located adjacent to the Atrium of Holy Angels, comprising approximately 1,800 mausoleum crypts arranged in single, double and tandem configurations.

The theme of the mausoleum is motherhood, as exemplified by the Holy Mother, and the role of motherhood in the nurturing and healing of both body and mind. Each of its eighteen galleries is dedicated to a woman of faith who has devoted her life to the nurturing, caring and healing of others, including a bronze statue of the Holy Mother.

Designed so natural sunlight will softly filter through the galleries, some feature skylights with ornate stained glass that bathe the crypts in coloured light. At the entrance to each gallery the names of loved ones are memorialised with individual bronze plaques.

The openness of the galleries provides a close connection with nature, where landscaped gardens offer seating for personal contemplation and reflection.

Private family mausoleum sites available

Options are available to purchase a site where you can construct your own private family mausoleum. Limited sites are available suitable for 12, 24 or 32 crypt spaces.

Sites range in size and the price is calculated on a per m^2 basis plus the private mausoleum endowment care fund:

- **Land cost per m^2 = $2,535** ROI-90519
- **Private mausolea endowment care fund = $96,080** ROI-90771

This fee is credited to a fund that will provide for the long-term maintenance of the cemetery; it will not be used specifically for the maintenance of the building, as this remains the responsibility of the holder of this right.

VIC 3083, Australia

Playing a pivotal role in the expansion of Melbourne to the north, Preston Cemetery is home to the largest public mausoleum in the southern hemisphere.

Located approximately 10km north of Melbourne's CBD, Preston Cemetery opened in December 1864 and continues to serve the diverse communities of Melbourne's northern suburbs. Originally known as the Strathallan Cemetery, it is the burial place of many nineteenth-century pioneers from the region.

In the 1920s the cemetery was expanded and re-named after the former City of Preston, which is now part of the City of Darebin. It has played an important role in the growth of those areas as the expansion of Melbourne saw the region move from a semi-rural to a suburban environment in a few short years.

Preston Mausoleum

Preston Cemetery's grand mausoleum is an expansive and impressive neo-classical tribute to the lives of those interred within.

Developed in three stages between 1996 and 2005, the final expansion made Preston Mausoleum the largest in the Southern Hemisphere.

Key features include its Mediterranean-style design, including several bell towers flanked by a large chapel. Throughout the mausoleum, beautiful marble and granite finishes are prominent, sourced from native Australian materials.

The mausoleum is characterised by an extensive double storey gallery, a chapel, and stained glass windows that filter ample external light into its formal corridors.

Single, double, and tandem crypts are available.

Altona Memorial Park is a peaceful lawn and garden cemetery located west of Melbourne.

Opened as a modern cemetery in 1961, the park features floral landscaped lawns and extensive memorial gardens, differing from the traditional monumental cemetery and creating a green haven in the otherwise industrial west of Melbourne.

Altona Memorial Park also features a refurbished crematorium and two chapels in addition to function facilities. Today it provides burial and cremation services for a broad cross-section of Melbourne's multicultural communities while also mirroring the working class history of Melbourne's west, even playing host to the grave of 'Mr. Football', Ted Whitten.

Harkness Memorial Park

Opening in 2027, Harkness Memorial Park will offer a new, welcoming, and inclusive place for Melbourne's growing west to gather, reflect, and celebrate life for generations to come.

Located in Harkness in the City of Melton, approximately 40km north-west of Melbourne's CBD, the park will provide spaces to meet the diverse personal, cultural and family preferences of the communities it will serve.

The first stage will provide a range of interment and memorial options including:

- Monumental graves
- Headstone graves
- Lawn graves, with the option of a simple bronze plaque or marker, or a granite-and-plaque combination
- Directional graves, with remembrance options including a full monument, headstone or marker
- A range of locations for cremated remains

This initial stage will also include a commemoration centre for onsite services and functions.
